

ASTROLOGICAL SYMBOLS AND ELEMENTAL ASSOCIATIONS

*B12. Astrological Correspondences of the Minor Arcana*

*The 36 Decans (groupings of small constellations that rise on the horizon through each of the earth's rotations) correspond with the 2s through 10s in the four suits of the Minor Arcana. In the above diagram, **W** is for Wands; **C** is for Cups; **S** is for Swords; and **P** is for Pentacles. These attributions were prescribed by the Golden Dawn. The inner ring above shows the twelve signs of the zodiac. The center ring shows the planets. Thus, for example, Mars in Aries corresponds with **2W**, or the Two of Wands. The subsequent pages provide the 36 correspondences as set forth in the above wheel.*
